

About Us.....

Small Steps Day Nursery is a small independent day nursery caring for children aged 9 months to 4 years old. We are situated right in the heart of Kidlington and are open 48 weeks of the year from 8:00am until 5:30pm.

Small Steps Day Nursery is a homely setting with two rooms (under 2's and 2-4's) and an enclosed garden. The children's individual needs and interests are catered for within our setting.

We aim to insight curiosity and wonder in all our children so they can learn about the world around them. We use many natural and authentic resources within our activities and make use of the local community, while following the Early Years Foundation Stage curriculum.

Our Daily Routine

The children will take part in a range of child initiated and adult led activities throughout the sessions. They will also have the opportunity to play outside and enjoy group activities, such as singing and dancing.

We understand that the routines of our youngest children are important to their wellbeing. We will have social meal times and we also have a dedicated sleep room.

Children will be provided with breakfast, snacks and a more substantial tea time (only for children on a late finish session). Parents will need to provide a packed lunch for their child.

Fees and Funding

We accept children with 15 hours and 30 hours funding. Please visit www.childcarechoices.gov.uk to find out about your eligibility. We also accept childcare vouchers. Our session prices range from £58.00 per day to £15 per session. Please see our current fees in our prospectus or on our website.
